<b>Bow thruster</b>	Yes – bow and stern
<b>Other equipment</b>	220-volt shore power supply, Radio and speakers on upper deck

# Pénichette Neo®

## 380,000€

The Pénichette Neo® combines comfort and authenticity. Accommodation is in the form of 3 cabins and 3 bathrooms. €380,000 incl. taxes.

The Pénichette Neo® offers a harmonious blend of tradition and innovation:

● **Tradition**...because its distinct shape reflects what has made all pénichettes famous – gentle curves and a slightly upturned bow which gives the charming look of barges of yesteryear.

● **Innovation**...because everything has been put into ensuring the highest levels of onboard comfort:

- dual steering positions (inside and out).
- shore powered air conditioning for the living area.
- fully equipped summer kitchen on the upper deck with benches, gas powered cooking plate/grill, sink and cooler.
- 220V power – both when moored and when sailing.
- outdoor living spaces – the upper deck area, large sunbathing deck and seating at the front of the boat.
- solar panels to recharge the batteries.

Equipped with three cabins and three bathrooms the Pénichette Neo® provides maximum comfort and space for accommodating up to six passengers.

## Technical Description
